

To Whom It May Concern:

It has come to my attention that you are requesting public comment regarding LPFM and how it may affect my ability to listen to my favorite radio station, K-Love.

It would be an horrific, personal loss it would be to me if I were not able to receive K-Love on my radio. I am a DAILY listener, and very much enjoy the commercial-free, CLEAN, wholesome, positive and encouraging listening pleasure that I get from K-Love. There is NO OTHER station like K-Love available to me in my area. There are other religious stations, but not as uplifting to me and I cannot stand to listen to the commercials and banter of other stations!

From a community perspective, I cannot begin to tell you of the great value K-Love provides to my friends, co-workers and neighborhood families as well. Our children grow up listening to lyrics that are wholesome, not raunchy like most stations. They sing along, and dance along!

It is tough enough raising kids these days with the peer pressures, M-TV (which I have NEVER allowed my children to watch) and the vulgarity in the lyrics and the Jock banter of mainstream music stations. Trust me, there are PLENTY of them out there for people to choose from already! NO MORE! PLEASE!

Please help us continue to enjoy our K-Love! I do not feel a need to expand the LPFM. We enjoy having a choice of what we listen to and even pay to support K-Love, because of the value that it brings to us. I know ALL K-Love listeners feel as I do. My son is an over-the road trucker and he volleys the dial state to state to listen to K-Love!

Thank you for your consideration of my heart-felt request. My entire family beseeches your favor in keeping our K-Love on the air EVERYWHERE it is broadcast.

Sincerely,

Christi Poulsen
